

Experience the First Choice Advantage

Services Designed Specifically for International Students

First Choice International Placement Inc.TM is pleased to offer a range of services designed to enhance the experience of international & visiting domestic students studying on Canada's beautiful west coast.

Monitored Guardianship Services

All unaccompanied minor-age students in Canada must have a local Custodial Guardian who is to ensure that a student has proper care and support during their stay in Canada. When we serve as a student's Custodial Guardian we are committed to connecting regularly with each student, their school, and their assigned host family to monitor their well-being. Through regular interactions we are able to offer insight into the student's personal experience and can help identify remedial solutions as required.

Homestay Placement Services

After receiving a completed homestay application our competent and professional staff begins the process of finding a Canadian host family that compliments the interests and needs of each individual. All our families are carefully screened and interviewed to ensure compatibility with our quality homestay program. Once we have identified a suitable family we forward a detailed profile that contains important information about the assigned family and the neighborhood in which they live. Students then are able to connect with their assigned family prior to their arrival.

Airport Transportation Services

Should a student require transportation from the airport to the assigned homestay residence or to an on-campus residence we can facilitate this through our partnership with fully licensed and professional carrier services that operate within the Metro Vancouver area. Upon receipt of a student's flight details we will prepare and forward an arrival confirmation that contains important information about the airport pick-up service, including emergency contact information should the student or the driver be delayed enroute.

Day Trip and Overnight Excursions

Working closely with licensed tour companies we are pleased to organize day trips and overnight sightseeing excursions for the minor-aged high school students under our custodial care. These supervised activities include tours of Whistler, Victoria, Seattle, the Rocky Mountains, and Canada's Pacific Rim National Park. Other activities have included nature hikes, hockey games, kayaking and more. More information on these activities is available to incoming students early each term.
