

# Airport Transportation Services

## Services Specifically Designed for International Students

We are pleased to provide one-way or return airport transportation services from *Vancouver International Airport (YVR)*. **First Choice International Placement Inc.**<sup>TM</sup> uses qualified drivers who have worked in this industry for many years and are professionally licensed and insured. We also use high quality, comfortable vehicles that can transport you effortlessly, together with your belongings.

### Pre-Arrival Information

As this may be your first time coming to Canada we want to make sure your arrival is a pleasant experience. To ensure you are well-informed about the arrival process we will send an **Arrival Confirmation Notice** before you leave home.

This document contains important information about the airport pick-up service such as where to meet our drivers and emergency contact information should there be any unexpected delays. We strongly advise students to bring this document with them for reference.

### Airport Pick-up

As soon as you enter the arrivals area at the airport our assigned drivers will be there to greet you. They know the city and surrounding areas well and will offer you a great deal of information which will help start you off on the right foot.

If you have questions about protocols in Canadian homes, our drivers can help to calm your concerns by answering many questions that you may have. They will deliver you right into your campus home or to your assigned host family.

Our courteous representatives will assist you even if your flight is delayed, your arrival times change or you experience a delay in coming through customs at the Airport.

### Airport Return

Our driver will arrive at your campus residence or your assigned homestay long before you need to check-in at the airport for your departure. You will be contacted by one of our representatives the day before your departure to confirm your anticipated pick-up time.

Our courteous representatives will even take care of you if your departure flight is delayed, making sure you are comfortable for your return flight.

### Residence to Residence Transfers

When required, we will arrange to transport students from one residence to another. Sometimes these types of moves can be very emotional and our representatives will work hard to ensure that the move is as pleasant as possible. Call for more information
